Mobile (390×844)

What Is Currently Working (Verified Signals)

SSL Security Encryption Active

Your website is secured with an active SSL certificate (HTTPS), ensuring visitor connection privacy.

TESTED • E-002

Multi-Device Viewport Compatibility

The website successfully scales across desktop and smartphone screen viewports without critical horizontal layout breakage.

TESTED • E-002, E-003

Active Domain & Web Hosting Infrastructure

Domain routing is online and successfully responding to web requests (Response time: 802ms).

TESTED • E-002

2. Top High-Impact Commercial Opportunities

The most impactful improvements selected from audit evidence to accelerate customer inquiries and trust.

1. Add Instant Inbound Contact Channels

HIGH

E-012

Current Observation: The website does not currently provide immediate ways for visitors to call, message, or request quotes.

Business Impact: Adding direct call and instant WhatsApp triggers allows urgent buyers to connect immediately, preventing lost inquiries.

👉 **Recommended Action:** Place a visible "Call Now" button in the header and integrate a floating WhatsApp inquiry widget for mobile visitors.

2. Optimize Search Visibility for your area

HIGH

E-006

Current Observation: Search engines currently have limited descriptive information linking your website to your primary service area (your area).

Business Impact: Ensures prospective clients searching for services in your area can easily discover and click on your website from Google search results.

👉 **Recommended Action:** Incorporate "your area" naturally into your main page title, search description, and footer service area block.

3. Elevate Visual Presentation & Brand Proof

MEDIUM

E-002, E-009

Current Observation: A complete visual showcase of your completed projects, service capabilities, and client testimonials is needed.

Business Impact: A modern, high-contrast visual design creates a memorable first impression and positions your business as a market leader.

👉 **Recommended Action:** Deploy high-contrast headlines, clear primary call-to-action buttons, and structured visual cards to showcase your best work.

4. Standardize Google Heading Structure

MEDIUM

E-007

Current Observation: Page headings and structure tags can be enhanced to give search engines a clear understanding of your core offerings.

Business Impact: Clear heading hierarchy helps search algorithms properly categorize and rank each of your service offerings.

👉 **Recommended Action:** Ensure each page features one prominent primary headline (H1) followed by organized section headings.

3. Recommended Website Structure & Implementation Plan

Why These Improvements Matter

Establishing a credible, professional web presence with clear contact triggers and structured service offerings is essential for building immediate market trust. Launching a purpose-built website allows prospective clients in your market to discover your business, explore your capabilities, and reach out directly.

Recommended 5–Page Website Blueprint (Professional & Commercial Services)

Home

STRATEGIC BLUEPRINT

Clearly communicate your unique value proposition, establish credibility, and drive inquiries.

Key Conversion Sections: Hero with 1-Click Consultation Button • Core Services Grid • Proof of Results / Client Logos • Testimonials • Direct Contact Box

Services & Solutions
